7. [redacted] met with Mr. Jerome S. Adlerman, General Counsel, Senate Permanent Investigating Subcommittee, regarding audit reports of A-II construction. A question had been raised with the General Accounting Office by Mr. Thomas A. Nunnally of the Committee Staff and relayed to Mr. Houston by Mr. Robert Keller, General Counsel, GAO, with the suggestion that the Agency make direct contact with the Committee. I advised Mr. Adlerman that the Agency initiated the A-II program and although there had been a high degree of cooperative effort with Air Force, Agency funds and contract authorities were utilized throughout. In consequence, audit reports are not available at GAO. It was noted also that the program eventually will be phased to the Air Force and brought under normal Air Force contract procedures. Turnover has not been initiated. Mr. Adlerman indicated that Agency development and control of the program did not surprise him. He raised no further questions on the matter but thanked me for coming by. Mr. Keller will be advised of the meeting.
